location as indicated in the summons of meeting. The summons convening the meeting contains the place, date and time thereof, as well as an agenda of the issues to be discussed; it is sent electronically, exclusively via the digital platform used by the Company, to each member of the Committee by the Secretary of the Committee, at the request of the Chairman, as a rule at least three days prior to the date set for the meeting; in cases of urgency, the time frame may be shorter, though no less than 12 hours. The summons of the meeting is also sent to all the other members of the Board of Directors and the Board of Statutory Auditors as well as to the Secretary of the Board of Directors.

- 3.3 Committee meetings are presided over by the Chairman or, if absent or unable to attend, by the eldest Committee member present. The meeting is considered held in the place where the Chairman of the Committee is present. Committee meetings can also be held by teleconference or video conference, on condition that anyone taking part can be identified, that their identification is duly recorded in the minutes, that they can follow the proceedings, examine, receive and transmit documentation and interact in real time on the topics under discussion.
- 3.4 The Committee meeting is deemed quorate when the majority of its members in office are present. Committee resolutions are passed with the favourable vote of the absolute majority of those in attendance; in the event of a tie, the various positions emerging in the Committee will be referred to the Board of Directors for evaluation. The Chairman of the Board of Statutory Auditors, or a statutory auditor designated by him/her, is invited to attend Committee meetings. Other statutory auditors may also participate. The Chairman may, from time to time, invite to the meetings the other members of the Board of Directors or representatives of corporate functions or third parties, whose presence is necessary and/or appropriate in view of the matters under discussion.
- 3.5 The documentation related to the issues on the agenda, prepared by the relevant corporate functions, is made available to Committee members by the Secretary, exclusively via the digital platform used by the Company, generally at the same time as the summons convening the meeting, but at any rate no later than three days prior to the date of the meeting, except in exceptional cases. When formulating opinions and/or proposals for resolutions to be submitted to the Board of Directors, the supporting documentation shall necessarily include the proposed resolution together with a note or presentation illustrating the same.
- 3.6 Committee's meetings are recorded in minutes that, signed by the person chairing the meeting and by the Secretary, are kept by the Secretary in a manner, including digital, suitable to guarantee their chronological order, finality, accessibility and confidentiality. The minutes of meeting are available for viewing, upon request of the Directors and Statutory Auditors, exclusively through the digital platform used by the Company. The minutes are drawn up in summary form, reporting the main speeches, summarised by the Secretary of the Committee and, specifically, the parts that provide essential supplementary elements to the documentation presented, the questions and answers necessary to clarify the documentation, comments that are relevant or whose recording is expressly requested, and the voting declarations of the Committee members. The draft minutes prepared by the secretary are submitted to the chair of the committee. In view of the next useful meeting, as a rule, the draft minutes are submitted to the members of the Committee and the Statutory Auditors, who may submit comments by addressing them to the Secretary of the Committee for subsequent sharing with the Chairman of the Committee and the other participants in the meeting. The minutes normally include the documentation made available to the Committee as an annex.
- 3.7 The Committee Chairman provides reports to the Board of Directors on Committee activities and meetings that occurred after the latest Board of Directors meeting, at the earliest Board meeting possible.

4. POWERS AND RESOURCES

To fulfil its duties, the Committee has the right to access the necessary information and corporate functions and to make use of external consultants, who are not in a position to compromise their independence of
