Quality

According to the seven Quality Principles, Customer Focus, Leadership, Engagement of People, Process Approach, Improvement, evidence-based Decision Making, Relationship Management, Global Projects Services AG has adopted a Quality Management System according to ISO 9001:2015 as a Company management tool where the principles, structure and operation are in line with the organizational structure of the Company and aim to achieve the objectives of flexibility, efficiency and effectiveness.

Based on the above statement following objectives have been defined:

- Promote an organizational culture based on Quality principles, especially Continuous Improvement, as a means of reaching the Company objectives of efficiency, effectiveness and customer satisfaction;
- Rationalize working processes in order to reduce costs while maintaining high performance;
- Increase working processes effectiveness by the implementation of streamlining methodologies, a systematic approach to Continuous Improvement, a boosted focus on performance measurement, a structured cross-disciplinary data analysis and the adoption of digital tools.
