Saipem: tacit renewal of the shareholders' agreement between Eni S.p.A. and CDP Equity S.p.A.

Milan, January 22, 2025 - Today, the shareholders Eni S.p.A. and CDP Equity S.p.A. informed Saipem S.p.A. ("Saipem" or the "Company") of the tacit renewal, for a further three-year period, of the shareholders' agreement signed on January 20, 2022, concerning a total shareholding approximately equal to 25.006% of the Company's ordinary share capital and considered relevant under Article 122, paragraphs 1 and 5, letters (a), (b) and (d) of Italian Legislative Decree 58/98 (the "Shareholders' Agreement").

It is recalled that the Shareholders' Agreement had a three-year duration from the effective date (i.e., January 22, 2022) with tacit renewal upon expiry (i.e., January 22, 2025) exclusively for an additional three-year period, unless terminated by either party with at least six months' notice. Since the aforementioned term has expired without any notice of termination, the Shareholders' Agreement was automatically renewed for an additional three-year period (i.e., until January 22, 2028).

An updated version of the essential information concerning the Shareholders' Agreement is available on the Company's website www.saipem.com (section "Governance" | "Documents").

Saipem is a global leader in the engineering and construction of major projects for the energy and infrastructure sectors, both offshore and onshore. Saipem is "One Company" organized into business lines: Asset Based Services, Drilling, Energy Carriers, Offshore Wind, Sustainable Infrastructures, Robotics & Industrialized Solutions. The company has 6 fabrication yards and an offshore fleet of 21 construction vessels (of which 17 owned and 4 owned by third parties and managed by Saipem) and 15 drilling rigs, of which 9 owned. Always oriented towards technological innovation, the company's purpose is "Engineering for a sustainable future". As such Saipem is committed to supporting its clients on the energy transition pathway towards Net Zero, with increasingly digital means, technologies and processes geared for environmental sustainability. Listed on the Milan Stock Exchange, it is present in more than 50 countries around the world and employs about 30,000 people of over 120 nationalities.
